## **Jericho**

## **Asian Dub Foundation**

For the consciousness of the nation The sounds of the Asian dub foundation:

The music we make it cuts across borders
We never make music to someone else's orders
Plenty of issues on the agenda
If you want to lend a helping hand
You're always told to shut up and dance
But you have to change this-take a chance
Turn the tables,
We know you're able
Don't just consume
Make your own tune.

The music, we use it We're making a stand I wouldn't call this a green and pleasant land A conscious response is what we demand Challenge the system and those in command Express your opinion It's your domain If you fail to do this you are partly to blame My heart is beating No retreat The battle continues We'll suffer no defeat This war you've been waging It's time we were raging In our minds and on the streets Sample this it's an education The sounds of the Asian dub foundation

Look around you, yeah
Open your mind
Check it out, tell me what you find
Here to document a situation
The sounds of the Asian dub foundation
Hope and glory
A myth of the Tories
We're here to tell you a different story

Here to redress the situation
The sounds of the Asian dub foundation

A rapper I may be but packaged I'm not I'll slip through the noose before you tie the knot This work in progress not slick but rough Breaking all records twelve inches ain't enough Sample this It's an education The sounds of the original, the original

We ain't ethnic, exotic or eclectic
The only 'e' we use is electric
An Asian background that's what's reflected
But this militant vibe ain't what you expected
With your liberal minds you patronize our culture

Scanning the surface like vultures
With your tourist mentality
We're still the natives
You multicultural but we're anti-racist
We ain't ethnic, exotic or eclectic
The only 'e' we use is electric

And we cry
Them coulda never escape
Disya judgement
