

# Target Practice

Asian Dub Foundation

When you become the hole  
They're caught up in his arms  
Throwing stones  
Using them for target practice

A bullets on the train  
We all look the same  
Got no name  
Are we just target practice

May step on my roof  
Going there sky far  
Moving into view  
I'm in his sites

Be careful what you say  
Rules are changing every day  
You take the blame  
Then you'll be target practice

An enemy's unseen, is it me?  
Am I just target practice  
I aint loving it  
Real guys of Brixton  
Moving into view  
I'm in their sites

Check reflections in shop windows  
A flash of silver or of gold  
Open that eyes in the back of my head now  
As I look into the moving shadows

You never know where or when or who  
But if they gonna fire  
I take a bullet for you

All I wanna know what is your fire power  
He's creeping up so slow  
Now is the hour  
Now is the hour  
Now is the hour

Lock and reload it.
