

## Just Enough

Aslyn

I think I heard you say it.  
Correct me if I'm wrong.  
After the fact your love ain't all gone.  
Wish I had a tape recorder.  
To lay down all the mess.  
It seems you forgot the manner you left.  
How I cried for you baby.  
Saying freaky don't leave me. Sounds cruel and crazy.  
But I'm gonna enjoy this 'cuz.

[Chorus]

I like to believe that you see that you need me so bad.  
I'll backwash you your dirty spoon.  
You've been there so find the stub.  
And here's a band-aid brand new.  
For the bruises on your begging knees.  
You turned around and the time I found.  
Was just enough for me.

Excuses are your "I'm sorry".  
To go over and under and through.  
The wood to see without me you're no good.  
Funny how 4 weeks ago.  
Could not spare to throw me a bone.  
Won't hear me complain how the roles  
have turned. So carry on baby.  
Tell me how you need me.  
Sounds cruel and crazy.  
But I'm gonna milk this 'cuz.

[Chorus]

Now conversation with you, I won't run.  
'Cuz how it came around is so much fun. So much fun.

[Chorus]
