

## Turn Around

Aslyn

Why you holding your head down?  
Why's your heart so sore?  
Cause you know that worry  
Never hurries you through the back door  
You gotta pick your feet up  
And get your face off the ground  
Cause everything's dying  
If that's all that you can see  
In this little town

I'm alive now  
I'm alive now  
If time is out to get me  
I won't let it catch me  
I'm alive now  
Turn around

Yesterday ain't coming back  
Tomorrow's not today  
You've been giving you soul  
To an empty bowl of faith, yeah  
You should be taking the top down  
A party's good for the heart  
And freedom is calling  
You're back from falling apart, yeah

I'm alive now  
I'm alive now  
If time is out to get me  
I won't let it catch me  
I'm alive now  
Turn around

Now is a favor you've lost  
But you wanna know what it's like to be found  
Turn around  
Turn around

I'm alive now  
I'm alive now  
If time is out to get me  
I won't let it catch me  
I'm alive now  
Turn around (Turn around)  
I'm alive now (Turn around)  
Turn around (Turn around)  
Turn around
