Asphyx

All this abuse ad nauseam  
Injustice is the rule  
Serious avenging time  
With my retaliating tool  
Sufficient ammunition  
That can split a man in two  
I'll make myself legendary  
With what I'm about to do

Stockbrokers and shareholders  
Make the exchange collapse  
The bastards now in panic  
Lose their beloved cash  
Pensionfunds now emptying  
The old will not get paid  
I'll shoot all those responsible  
A righteous burst of hate

Dirty psycho cockroaches  
Ruining your life  
Touch your precious children  
Abusing your wife  
Pedofiles and rapistes  
Society's lowest scum  
Have this dose of therapy  
As I fire my gun

The barrel glowing from the heat  
Eradicate these thugs  
Useless human garbage  
Die in this rain of slugs

Pump their goddamn bowels out  
Brainsmear on the wall  
Bonsplinters and burning meat  
Grind kneecaps and balls

Mismanaging executives  
But the cunts don't care  
Mass dismissing companies  
Leave you fucking there  
Fat on a golden handshake  
Blast away their heads  
Detonate my extra bonus  
Retirement in lead

Every week another tar  
Demands behind your door  
Working hard for nothing  
Can't take it anymore  
I'll pay the fucks a visit  
Paint the building red  
Blow the leeches full of holes  
Make sure they stay dead
