

The heralds 's arrival
From beyond outer spheres
Forecasting damnation
Doomsday is near

Hear his words of wisdom
Truth-telling prophet
His appearance followed by
The dark cloak of death

In pathetic disputes
A race for oil and gas
Cremating in the cauldron
Incinerating fast
Arctic shrinkage
Drastic alteration
Chawing permafrost
Subsurface re Fridgeration

Poles are melting
A cascading release
Mankind's drowning
In oceans of tears

Reaching critical stage
Glacial minimum
High-explosive event
Ignite the methane bomb
Save humanity from pain
In afterlife fantasia
Spare the species their suffering
With global euthanasia
