

# Awake

## Assemblage 23

I am lost  
The footprints that I left have disappeared  
For now I am driving blind

Accelerate  
Without a destination to welcome me  
This road is just an endless loop

Every time I close my eyes  
The noise inside me amplifies  
I can't escape  
I relive every moment of the day  
Every misstep I have made  
Finds a way it can invade  
My every thought  
And this is why I find myself awake

Directionless  
The letters on the signs have long since faded  
The sky conspires to swallow me

Paid the price  
For burning all the maps to warm myself  
I threw their ashes to the wind

Every time I close my eyes  
The noise inside me amplifies  
I can't escape  
I relive every moment of the day  
Every misstep I have made  
Finds a way it can invade  
My every thought  
And this is why I find myself awake

Walk away  
Time to leave the realm of the familiar  
To find a place where sleep can come

Hesitate  
For one last time I shout into the sky  
To wake the ones I'll leave behind

Every time I close my eyes  
The noise inside me amplifies  
I can't escape  
I relive every moment of the day  
Every misstep I have made  
Finds a way it can invade  
My every thought  
And this is why I find myself awake

Every time I close my eyes  
The noise inside me amplifies  
I can't escape  
I relive every moment of the day  
Every misstep I have made  
Finds a way it can invade

My every thought  
And this is why I find myself awake
