Assemblage 23

This day has altered my perception
I'll never see things quite the same
All that I knew was misconception
But all of that's about to change

I opened my eyes today
The world looked so bright and strange
Now I see with clarity
I won't be your casualty

If trust is merely for convenience
Does it mean anything at all?
Your change of character makes no sense
Your bitter actions make you small

I opened my eyes today
The world looked so bright and strange
Now I see with clarity
I won't be your casualty

Greed is the hunger deep inside you
You're burning bridges left and right
I won't allow you to treat upon me
I won't go down without a fight

I opened my eyes today
The world looked so bright and strange
Now I see with clarity
I won't be your casualty
