Demonized

Demonized

Fire in her eyes  
Her beauty hide the signs  
She devil female disguise  
Innocence has died

Born of fire, spawn of evil  
Dwelt down in to her mind  
Nothing sacred from her treason  
All is lost from her denial

Demonized in to your soul  
Sacrifice to things unknown  
Demonized from the spirits of hell  
Suffering that will never be end

Demonized in to your soul  
Sacrifice to things unknown  
Demonized from the spirits of hell  
Suffering that will never be end
