

# Babylon Rise

Astral Doors

Rise  
Babylon rise

I'm the whore of Babylon, come to me I'll sing my song  
Prophets try to analyze, am I a tale or antichrist?

Unleash the great sin of Sodom and Gomorrah  
Jackals and hounds out on the prowl  
Protect yourself, need no one else

Children, unite, let me be your friend  
The mother of harlots I am

Babylon rise  
Evil is forever  
Babylon rise  
The resurrection is here

Feed yourself and no one else, the symptom of the world today  
Hell is god and god is great, join me now in the fire lake

Democracy's a fake  
Say welcome to destruction  
A permanent chaos here to unfold  
Intolerance and ignorance

Madness divide  
Army's on the shore  
The lonely invader for sure

Babylon rise  
Evil is forever  
Babylon rise  
The new revelation is here

The mother of harlots I am  
Unleash the great sin  
The Babylon whore will be a friend of mine

Rise, rise, rise  
Don't have to ask myself  
Rise  
Am I a god or antichrist?

Unleash the great sin of Sodom and Gomorrah  
Jackals and hounds out on the prowl  
Protect yourself, need no one else

Children, unite  
Let me be your friend  
The mother of harlots I am
