Jerusalem

Astral Doors

City of David, kingdom of Israel King Solomon built the holy temple on mount Muriah Alexander the Great of Macedonia Then the emperor of Rome Crusaders, Arabians

Broke down the people
Their will to survive
It's a part of the real world
What's here to live has to die

Jerusalem
Jerusalem
A holy city you are
Like a light in the far
Home of the holy men
Jerusalem
Jerusalem
You are the key of mankind
The rock must roll again

Nothing has changed, this war will go on and on Victims of wrath in memory forevermore
There by the dome of the rock and the western wall Father forgive what they've done
Foundations about to fall

What can be sacred?
Is there an end?
This is an ocean of stories
They're just a part of the plan

What is right, what is wrong? I just don't know We should learn how to play 'cause no one is here to stay

Light to the people
They will survive
It's a part of the real world
And the hatred must die
