

# Lost Crucifix

## Astral Doors

Well I know it was a tale, but I also know that I will never learn  
So the story of my life is a lie and my fortune will never turn

I know I'll burn

Since the dawn of the days  
I have looked for the fire within  
It's not a penny from the blood red sky

The talisman, my loving light  
Heaven is calling  
Candles burning in the night

Now and forever  
Now you got to help me find

My lost crucifix  
Help me find  
My lost crucifix  
My lost crucifix

On the road to the damned  
I have walked on the path of my life  
It wasn't easy but I'd go again

Nightmares of insanity  
Satan is laughing  
Show me just another sign

Now and forever  
Now you got to help me find

So the coming of the light was a scene played in my deepest sleep  
The secret of my life is a promise no one could ever keep

You know, the talisman, my loving light  
Satan is laughing  
Candles burning in the night

Now and forever  
Now you got to help me find

My lost, my lost, lost crucifix  
Help me find, I'm dying, I'm dying  
So help me find my lost crucifix
