

## Deep

Astrid van der Veen

I close my eyes and dream away  
you are really something and that makes me smile  
so here I sit all by myself in the middle of the night  
I guess there's no one quite like you

Like you've been close to me my whole life  
while we just really really met each other  
there is no need to analyse for the first time  
cause I'm not afraid, cause there is nothing to fear

only deep strong feelings  
so deep, so deep

It's really late but I cannot sleep  
I'm just staring outside, looking at the rain  
and if one raindrop could tell how much I love you  
it would rain for always

It's like everything has been fantasised and dreamed  
like I'm confused because now I feel good  
when I'm with you I feel like some one  
I wanted to be my whole life

And I thank you  
so much, so much  
for those feelings  
so deep, so deep

I guess right now you're pretty much asleep  
But maybe you dream, which you won't remember  
But maybe you're also very awake  
writing songs which you won't sing

I know that I love you and you may know it  
I know that I miss you and you may know it  
I'm happy we talked and I'm happy that you understood  
now I can live, like I should have

with those feelings  
so deep, so deep  
feelings  
so deep  
so deep
