

Where Have You Been ?

Astrud Gilberto

I've been thinking
I've been wondering
I've been wondering
where have you been

I've been sad, Love
I'm so lost, Love
I've been crying
Where have you been?

Every sound I hear
I think you 're near
I think it's you at the door
but it wasn't you
and I go back
to my sad waiting

I've been thinking
I've been wondering
doesn't matter
where you have been

Whereever you are
come running to me
Come back, oh please
come back

I've been thinking
I've been wondering
doesn't matter
where you have been

Whereever you are
come running to me
Come back, oh please
come back

Come back, oh please
come back
