

This time I'm leaving you  
This time I'm leaving you  
This time  
I'm never coming back, never coming back, never coming back  
Pack my bags you'll never see my face again  
Never coming back  
I'm leaving you  
If you never  
Never see my face again  
If you never see my face again  
Coming back  
Never coming back  
This time I'm leaving you  
Iforgot to say good night  
I forgot to say good morning  
I'm leaving you  
Never coming back
