Are you ready to testify?
Are you ready to testify?
Black Flags
Are you ready to testify?
You've got two seconds
Are you ready to testify?
Come on

There's a unified axis of government
And corporate power
Lawless and unrestrained
That's what we should talk about
Corporations exploit the power of the state
To further enhance their power
And the real criminals
Get away

Are you ready to testify?
Are you ready to testify?
Black Flags
Are you ready to testify?
Come on
