

Honey Honey

Atari Terror

honey, honey makes me
if you want to know
breathtakingly happy
envy kills your
fucking soul
god knows you're a fucking slut
do not try to fucking blame me

come to me, your majesty!
yea, my treasure, i'll love you
forever!

honey, honey makes me
if you want to know
breathtakingly happy.
envy kills your
fucking mind
god knows you're a fucking slut
do not try to fucking cheat me

come to me, your majesty!

come to me
you are so delightfull
close to me
you are like the burning torch

leave me alone
hate you fuckin' all

come to me
you are so delightfull
close to me
you are like the burning torch
come to me
burn me and devour me
close to me
give me your everything
