

# When All Else Fails It Fails

Ataris

1. You'll be forever an angel  
in a sun dress blowing in the sweet September wind  
At least that's how I choose to remember  
and in my heart you'll never love again

X1: Maybe it's too late to regain sight of all that we have lost

R1: Got to hold on to this moment  
don't let go maybe it's too late for redemption now

2. I see a blanket of pale white snow  
on the street side from this doll house full of open words  
and the stained glass of the church next door  
casts it's vile upon this empty room

X2: Your eyes that used to shine as bright as open lights without

R2: But we're meant to be loved it's the greatest heritage  
I can never make you love me again

\*: But when all else fails it fails  
did I fail you? will you fail me too?  
because there's nothing that I wouldn't do to hold on to you  
but you give me nothing to hold on to  
maybe it's too late to keep the one out from giving up tonight

R3: I guess it's too late for forgiveness God forgive me!  
I guess it's too late for a family now  
everything reminds me of you  
everything reminds me of you

You're an angel in a sun dress  
and my heart will never love again...
