

Your Boyfriend Sucks

Ataris

1. You're Better off without him Don't call him He's breaking your heart

He's dating with your bestfriend and you're waiting now, he's tea-ring you apart

He lied to you a thousand times when I was there, he kept you waiting

R: And I'm still here waiting out to catch you a new fall

I don't know why I guess so much, well it should come off

2. Finally I've got a lot to tell you, how much you mean to me

You said that I was your best friend and a real sweet guy and sobbed by everything

R: And I'm still here waiting...
