

# Close Enough to Touch

ATB

Big rooms  
Packed with people  
They know my name  
They sing the words to me  
But this silence and the crowd is blurry  
If I scream out loud would they hear me?  
Or will I stay above?  
Drowning in my dreams  
Circling the crowds

Close enough to touch

Will I stay above?  
Drowning in my dreams  
Circling the crowds

Close enough to touch

If I chance it all with fate  
And I could just let gravity  
Fly me safely from the air  
Skylines call me  
This time I'll be answering  
Cuz I'm one soul  
But I'm bigger than my body  
When I go to sleep

I'll be landing  
I'll be landing, yeah

Close enough to touch

Will I stay above?  
Drowning in my dreams  
Circling the crowds

Close enough to touch  
Will I stay above?

Drowning in my dreams  
Circling the crowds

Close enough to touch  
Will I stay above?  
Drowning in my dreams  
Circling the crowds

Close enough to touch
