

# Could You Believe

ATB

Yeah  
Disarm, fallout  
Yea there's something that knowing and knowing something's what it's  
all about  
So come on, stand out  
Cause running and running is turning something into knowing, lookout

Could you believe, you believe (Don't stop looking, yeah)  
Could you believe, you believe (Don't stop, yeah)  
Could you believe, you believe (Don't stop looking, yeah)  
Could you believe, you believe (Don't stop, yeah)

Just around the corner everything is shining gold  
A new kind of soldier looking for a lost soul  
Oh yeah

Just around the corner everything is shining gold  
A new kind of soldier looking for a lost soul  
Oh yeah

This time, your life  
Fractions and seconds make eternity in just one night  
So come on, stand out  
Cause running and running is turning something into nothing, no doubt

Could you believe, you believe (Don't stop looking, yeah)  
Could you believe, you believe (Don't stop, oh yeah)  
Could you believe, you believe (Don't stop looking, yeah)  
Could you believe, you believe (Don't stop, oh yeah)

Just around the corner everything is shining gold  
A new kind of soldier looking for a lost soul  
Oh yeah

Just around the corner everything is shining gold  
A new kind of soldier looking for a lost soul  
Oh yeah

Could you believe, you believe (Don't stop looking, yeah)  
Could you believe, you believe (Don't stop, oh yeah)  
Could you believe, you believe (Don't stop looking, yeah)  
Could you believe, you believe (Don't stop, oh yeah)

Don't stop looking, yeah  
Don't stop, yeah  
Don't stop looking, yeah  
Don't stop, yeah
