

Could You Believe

ATB

Yeah
Disarm, fallout
Yea there's something that knowing and knowing something's what it's
all about
So come on, stand out
Cause running and running is turning something into knowing, lookout

Could you believe, you believe (Don't stop looking, yeah)
Could you believe, you believe (Don't stop, yeah)
Could you believe, you believe (Don't stop looking, yeah)
Could you believe, you believe (Don't stop, yeah)

Just around the corner everything is shining gold
A new kind of soldier looking for a lost soul
Oh yeah

Just around the corner everything is shining gold
A new kind of soldier looking for a lost soul
Oh yeah

This time, your life
Fractions and seconds make eternity in just one night
So come on, stand out
Cause running and running is turning something into nothing, no doubt

Could you believe, you believe (Don't stop looking, yeah)
Could you believe, you believe (Don't stop, oh yeah)
Could you believe, you believe (Don't stop looking, yeah)
Could you believe, you believe (Don't stop, oh yeah)

Just around the corner everything is shining gold
A new kind of soldier looking for a lost soul
Oh yeah

Just around the corner everything is shining gold
A new kind of soldier looking for a lost soul
Oh yeah

Could you believe, you believe (Don't stop looking, yeah)
Could you believe, you believe (Don't stop, oh yeah)
Could you believe, you believe (Don't stop looking, yeah)
Could you believe, you believe (Don't stop, oh yeah)

Don't stop looking, yeah
Don't stop, yeah
Don't stop looking, yeah
Don't stop, yeah
