

## Faith

ATB

So easy to get lost in your touch  
When I'm feeling  
What I'm feeling right now  
So easy to forget  
What we got and we'd give up  
For a moment of lust  
A moment of lust  
Tempted by the fruit  
That I know is filled with poison  
Everything we built  
Can be so easily broken  
I'm terrified to lose you  
Cause everything I do  
I do for you

Gotta have faith  
Even in heaven  
Gotta have faith  
Even in even in heaven

So easy not to care, be unfair  
The mind can be so vicious sometimes  
I get mad I get sad  
It's so bad  
But we're conditioned like that  
Tempted to give in to the doubt  
What are we trying for  
Is this really bliss or a myth  
We've been lying for  
I'm terrified to lose you  
Cause everything I do  
I do for you

Gotta have faith  
Even in heaven  
Gotta have faith  
Even in even in heaven

Gotta have faith  
Even in heaven  
Gotta have faith  
Even in even in heaven

Gotta have faith  
Even in heaven  
Gotta have patience  
Even with time on your side  
Gotta be brave  
After you've won  
Everything you've wanted  
In a moment it's gone  
how do you hold on

Gotta have faith  
Even in heaven  
Gotta have faith  
Even in even in heaven
