

Message out to You

ATB

I placed it by the sea
For you to find me
I hoped that it might turn into
Something better than
My reality

Ohh
Time is standing still
What If I keep on hoping
You'll say you will

All this time we can't be wastin'
Cause all along I've been here waitin'

Ohh
I want you to know
I don't want this to be all
I need this for a reason

I send my message in a bottle
I send my message out to you
It could be so beautiful
If I get my message, yeah
My message out to you

My message out to you
My message out to you

Yeah, yeah, yeah, yeah, yeah
If I get my message, yeah
My message out to you
Yeah, yeah, yeah, yeah, yeah
If I get my message, yeah
My message out to you

This was made to float
Even though fear surrounds me
Cause I cannot pretend
I feel so vulnerable
Giving you this part of me

Ohh
Time is standing still
What If I keep on hoping
You'll say you will

All this time we can't be wastin'
Cause all along I've been here waitin'

Ohh
I want you to know
I don't want this to be all
I need this for a reason

I send my message in a bottle
I send my message out to you
It could be so beautiful

If I get my message, yeah
My message out to you

Yeah, yeah, yeah, yeah, yeah
If I get my message, yeah
My message out to you
Yeah, yeah, yeah, yeah, yeah
If I get my message, yeah
My message out to you

My message out to you

I placed it by the sea
For you to find me
I hoped that it might turn into
Something better than
My reality
