Remember When

ATB

Remember when
You were all I had
Why do I feel alone?

I'm sick of it
I'm sick of you
I'll be fine on my own

You can't take for me
I'll find light in the dark
You won't find me here

No you can't break me
I'll find hope in the dark
You won't keep me here

Remember when
You promised me
I believed every word

Now I'm alright I'm okay
I want my voice to be heard

You can't take for me
I'll find light in the dark
You won't find me here

No you can't break me
I'll find hope in the dark
You won't keep me here

You can't take for me
I'll find light in the dark
You won't find me here
