

Summer Rain

ATB

She puts a smile upon your face
Every time you see her
She comes running through your veins
Just like summer rain
Like summer rain

She builds you up
And tares you down
She's that queen without a crown
Just like summer rain
Summer Rain

She is where I wanna be
Sometimes coming over me

Like summer rain
Summer rain
She builds you up
And tares you down
She's that queen without a crown
Just like summer rain
Summer rain

She is where I wanna be
Sometimes coming over me
Like summer rain
Summer rain
