

Twisted love

ATB

I will find mistakes
In the lines of your face
When you say my name
Because when this ends I'll want someone to blame

Isn't that twisted
My love, isn't that twisted
My love, I am so twisted
Oh, my love

In perfect moments
I want to annihilate the guard and surrender
But I cannot be that tender
With heartache hardened underneath my skin
So I may never let you in
Oh, why is it that twisted

My love, isn't that twisted
My love, I am so twisted
Oh, my love

Just give me a moment
I've got to step back
Just give me a moment
I've got to step back

A moment
A moment
My love

Oh, why is it that twisted
My love, isn't that twisted
My love, I am so twisted
Oh, my love

Oh, why is it that twisted
My love, isn't that twisted
My love, I am so twisted
Oh, my love
