

What Are You Waiting For

ATB

I can't wait - to see the streetlights
While cruising 'round after midnight
I can't wait to see you there
Tonight I'd go anywhere

Waste no time and say
Here's our hideaway
This night ain't gonna fade away

What are you - what are you
waiting for?
Better give - better give
A little more
What are you - what are you
waiting for?
Go ahead and make it
A little more
