White Letters

Just stop Nanana, nanana Ooh Just stop Nanana, nanana Ooh I can see it Like it's fifty years from now So complicated I got you figured out And I've predicted That you will steal my heart Though it's overrated I come apart When you come Take the corners of my mind A feeling taking over I see the constellations A few white letters They've played the questions I've designed I fear it's far from over I see the constellations A few white letters Nanana, nanana, nanana Just stop Nanana, nanana Ooh I've pretended That I can shape your world You're so unaffected And I've complied with all your turns Feeling's jaded I'm on your trail so long You'll stand a witness When it comes undone When you come Take the corners of my mind A feeling taking over I see the constellations A few white letters They've played the questions I've designed I fear it's far from over I see the constellations A few white letters Nanana, nanana, nanana Ooh Just stop Nanana, nanana Ooh Tištěno z www.txp.cz
