

# I'm Gonna Make You Mine

ATC

You were always mine at school  
But you would always play it cool  
So I played along, and I was always strong

'Cause I knew there'd come a day  
When you would be my come what may  
So I played along, and all your friends were wrong

Everybody gets a wish  
Make your dream come true  
Then I know that I get mine  
And maybe it's you

R: I'm gonna make you mine, till the end of all time  
I'm gonna make you mine forever  
I'm gonna make you mine, gonna give you a sign  
I'm gonna make you mine forever  
(2x)

I'll be waiting patiently  
So save the last dance just for me  
'Cause I need you now  
Let me show you how

I have seen it all before  
It's misunderstood  
If all is fair in love and war  
Then why does it hurt so good?

R: (2x)

I have loved you from the start  
You knew that I would  
If love is really all so bad  
Then why does it hurt so good?

R: (2x)
