

Let Me Come and Let Me Go

ATC

If want me to knock you up
Show what I'm about
Then hear what I am saying
I know that you've been here before
you say that you know the score
but that's not how I'm thinking

Freedom is what I'm for my
And love is the sun
You won't see me begging on my knees
But your still the one

R: Let me come and let me go
Cause I want you to know
That I will never leave you
If you never let me down
I'll always be around
Let me come and let me go

Take me further inside the door
Make me give you more
Got to learn to play me
And you can cover up my eyes
And God I'm not surprised
that's not the way to tame me

Freedom is what I'm for my
And love is the sun
You won't see me begging on my knees
But your still the one

R: (2x)

You won't see me begging on my knees
