

My Heart Beats Like a Drum (Dum Dum Dum)

ATC

I close my eyes
Close the door
I won't worry anymore
I've been waiting for you
Everyday and everynight
Cut the light
Let it fade
I don't wanna be afraid
I've been waiting for you

Tonight is right
Stars shine bright
I just really wanna be with you
I celebrate pray for the day
When all my wishes will be coming true

My heart beats like a drum like a drum
dum dum dum - dum dum dum
And my feet step the beat like a drum
dum dum dum - dum dum dum

My heart beats like a drum like a drum
dum dum dum - dum dum dum
And my feet step the beat like a drum
dum dum dum - dum dum dum

I think of you everyday
I've been waiting for a call
Just the sound of your voice
Anytime and anyway
Dream of you since that day
When I saw you the first time
At the hard rock cafe

Tonight it is right
Stars shine bright
I just really wanna be with you
I celebrate pray for the day
When all my wishes will be coming true

My heart beats like a drum like a drum
dum dum dum - dum dum dum
And my feet step the beat like a drum
dum dum dum - dum dum dum

My heart beats like a drum like a drum
dum dum dum - dum dum dum
And my feet step the beat like a drum
dum dum dum - dum dum dum

I close my eyes
Close the door
I won't worry anymore
I've been waiting for you

and my feet steps the beat baby...

My heart beats like a drum like a drum
dum dum dum - dum dum dum
And my feet step the beat like a drum
dum dum dum - dum dum dum

My heart beats like a drum like a drum
dum dum dum - dum dum dum
And my feet step the beat like a drum
dum dum dum - dum dum dum
