

# Until

ATC

I gave you true desire  
I gave you eyes to see  
I gave you wings of fire  
So you could fly with me

I gave your heart a passion  
I gave your life a theme  
I gave you all the actions  
So won't you come and dance with me

R: Until the world has stopped revolving  
Until the birds have left the trees  
Until the winds have stop from blowing  
You'll be loved by me

Until the rainbows stop from shining  
Until the fish down swim the seas  
Until the stars have stopped colliding  
You'll be loved by me

I'll be the wind in summer  
I'll be the sun in spring  
I'll be the fire in winter  
Cause I can be your everything  
Cause I can be your everything

Until the world has stopped revolving  
Until the birds have left the trees

Until the winds have stopped from blowing  
You'll be loved by me

Take my hand  
Be who you are  
I'll be your fire  
Just show me the spark

Until the world has stopped revolving  
Until the world has stopped revolving  
Until the winds have stopped from blowing

R:

Until the rainbows stop from shining  
Until the fish down swim the seas  
Until the stars have stopped colliding  
You'll be loved by me

R:

Until the rainbows stop from shining  
Until the fish down swim the seas  
Until the stars have stopped colliding  
You'll be loved by me
