

## Why Oh Why

ATC

Do da n de da n dai  
(Do da n de da n dai)  
It's a feeling i got inside  
Tell me just why oh why  
Do da n de da n dai

Sky is blue and the day is light  
I look to the sun  
I see your face and your smile is bright  
the clouds are on the run

You ask me why I look so sad  
But I find the words to say

Do da n de da n dai  
(Do da n de da n dai)  
It's a feeling i got inside  
Tell me just why oh why  
Do da n de da n dai

You're getting close and I kiss your lips  
It never felt so strange  
I feel your soul on a different trip  
It's time to rearrange

You ask me where all the love is gone  
but I find the words to say

Do da n de da n dai  
(Do da n de da n dai)  
It's a feeling I got inside  
Tell me just why oh why  
Do da n de da n dai
