## **Chances**

Take all your chances while you can You never know when they'll pass you by Like a sum the mathematician cannot solve Like me trying my hardest to explain

It's all about your cries and kisses Those first steps that I can't calculate I need some more of you to take me over

Take me over

If I had the chance to start again Then you would be the one I'd come and find Like the poster of Berlin on my wall Maybe there's a chance our walls might fall

It's all about your cries and kisses Those first steps that I can't calculate I need some more of you to take me over

It's all about your cries and kisses Those first steps that I can't calculate I need some more of you to take me over

I know I because I cant calculate

How to respect you How to start again How to start again How to start again

It's all about you
