

One Million

Athlete

There was just one at the top of a pile of one million
And she hasn't got a clue that she's become
A good samaritan
I missed her name before i blink from the scene she'd run away
If i got the chance to meet her once again
What would i hear her say?
It was just one of those things i needed to deal with
It was just one of those things
It was just one of those things i needed to deal with

There was just one at the top of a pile of one million
And there's no way of counting all our loss
What was i thinking of?
As it kicks off i kept myself to myself and looked away
Should've put my foot in but i just stayed
Wrapped up in my own world

It was just one of those things i needed to deal with
It was just one of those things
It was just one of those things i needed to deal with

There was just one at the top of a pile of one million
And she will be there for many years to come
Wondering where i am

It was just one of those things i needed to deal with
It was just one of those things
It was just one of those things that i should've dealt with
It was just one of those things

(this was just one of those things i needed to deal with
This was just one of those things
This was just one of those things i needed to deal with
This was just one of those things)

(this is just one of those things i needed to deal with
This is just one of those things)
