

# Transformer Man

**Athlete**

I've been there a thousand times  
But it is never over  
It's taking hours of our lives  
And it could take us over

Transformer man  
Won't somebody save me from myself  
Transformer Man  
Is there any way to understand  
Transformer man

I remember you that way  
You were always pushing limits  
Wearing smiles everyday  
Yeah chasing every moment

Transformer man  
Won't somebody save me from myself  
Transformer man  
Is there any way to understand  
Transformer man

Transformer man  
Won't somebody save me from myself  
Transformer man  
Is there any way to understand  
Is there any way to understand
