

Open Your Heart

Atom and His Package

I see you on the street as you walk on by
You make me wanna hang my head down and cry
If you gave me half a chance you'd see
My desire burning inside of me
But you choose to look the other way

I've had to work much harder than this
For something I want
Don't try to resist me

Open your heart to me, darling
I hold the lock and you hold the key
Open your heart to me, baby
I'll give you love if you, you turn the key

I think you're afraid to look into my eyes
(I know they're scary)
You look a little sad but I wonder why
(are you hungry?)
I follow you around but you can't see,
Too wrapped up in yourself to notice
Still you choose to look the other way, fuck face,
I have something to say

Don't try to run, I can keep up with you
And nothing can stop me from trying to find you

Open your heart to me, darling
I hold the lock and you hold the key
Open your heart to me, baby
I'll give you love if you, you turn the key

I am the gatekeeper
You, you have the key, master

One is such a lonely number

Don't try to run, I can keep up with you
And nothing can stop me from trying to find you

Open your heart to me, darling
I hold the lock and you hold the key
Open your heart to me, baby
I'll give you love if you, you turn the key

Open your heart with the key
Open your heart with the key
