Atom Smash

YEAAAAHHH!!!!

Pain!  
Pleasure!  
What's it all about?  
Gain!  
Measure!  
See it in your smile,  
you got what's coming to you.

We'll break through,  
escape tonight,  
I'll take you higher than the gods.

We have to sacrifice.  
Seven years of agony all divide.  
You have to pay the price.  
Take a good look at humanity saying good-bye

I'm getting sick of your games!  
I'm getting sick of your laughter!  
My teeth begin to grind.  
I'm gonna dig your hole,  
you're gonna get what you're after;  
Buried in your lies.  
You got what's coming to you.

We'll break through,  
escape tonight.  
I'll take you higher than the gods.

We have to sacrifice.  
Seven years of agony all divide.  
We have to pay the price.  
Take good at humanity saying good-bye. (Good-bye!)

YEAAAAAAHHH!!!!

1, 2, 3, 4!

Hey, I'm alright.  
Things have changed, and yeah well so have I.  
Hey, I'm alright.  
Rearranged, and yeah well so am I.  
Hey, I'm alright.  
It's insane and yeah well so am I.  
Hey, I'm alright.  
I'm just waiting for the world to die!

Hey, I'm alright. (We have to sacrifice)  
It's insane and yeah well so am I.  
Hey, I'm alright. (And we have to sacrifice)

And we have to sacrifice
