Atomic Kitten

Holiday, hey hey, run away, hey  
Now we've been workin should be playing hard  
Out in the sun and the sea  
Not in our own back yard  
I Wanna see us in the paradise  
Yeah with the heat turned up  
And all the drinks on ice

What do you say? (what do you say?)  
We're leaving to day e yay e yay hey  
We're going on a holiday hey hey  
We're gonna get away (get away)  
We're going on a holiday hey hey  
We're gonna run away hey!

The tropicana where the drinks are free  
Yeah there'll be a boy for you  
And Two or Three for me (oh yeah)  
I wanna see us staying up all night  
And never sleep on the beach  
Unless he's mr right (you know it)

What do you say? (what do you say?)  
We're leaving to day e yay e yay hey  
We're going on a holiday hey hey  
We're gonna get away (get away)  
We're going on a holiday hey hey  
We're gonna run away hey!

Holiday in the sun, ooh ooh, party!  
So come on!

What do you say? (what do you say?)  
We're leaving to day e yay e yay hey  
We're going on a holiday hey hey  
We're gonna get away (get away)  
We're going on a holiday hey hey  
We're gonna run away hey!

We're going on a holiday hey hey  
We're gonna get away (get away)  
We're going on a holiday hey hey  
We're gonna run away hey!
