

No One Loves You (Like I Love You)

Atomic Kitten

You and I once shared love
So strong and so secure
But all you left the memories
The feelings are no more
Like flowers in the big field
All died and blown away
The letters and the pictures
Are all that will remain

But every moment of every day
I wanna see you, I wanna say
No one loves you like I love you
No one needs you the way I do
No one knows you like I know you
No one hears you the way I do

So many years of memories
Suppressed beyond recall
The feelings once unbroken
seem silent and so small

But every moment of every day
I wanna see you, I wanna say
No one loves you like I love you
No one needs you the way I do
No one knows you like I know you
No one needs you the way I do

But every moment of every day
I wanna see you, I wanna say
No one loves you like I love you
No one needs you the way I do
No one knows you like I know you
No one needs you the way I do

No one loves you like I love you
No one needs you the way I do
No one knows you like I know you
