

## No One Loves You (Like I Love You)

Atomic Kitten

You and I once shared love  
So strong and so secure  
But all you left the memories  
The feelings are no more  
Like flowers in the big field  
All died and blown away  
The letters and the pictures  
Are all that will remain

But every moment of every day  
I wanna see you, I wanna say  
No one loves you like I love you  
No one needs you the way I do  
No one knows you like I know you  
No one hears you the way I do

So many years of memories  
Suppressed beyond recall  
The feelings once unbroken  
seem silent and so small

But every moment of every day  
I wanna see you, I wanna say  
No one loves you like I love you  
No one needs you the way I do  
No one knows you like I know you  
No one needs you the way I do

But every moment of every day  
I wanna see you, I wanna say  
No one loves you like I love you  
No one needs you the way I do  
No one knows you like I know you  
No one needs you the way I do

No one loves you like I love you  
No one needs you the way I do  
No one knows you like I know you
