

# Tomorrow and Tonight

Atomic Kitten

I saw you with the girlfriend baby  
I saw you undereath the light  
I wanted just to talk now baby  
You seem to think I wanna fight

Stop playing with my head and maybe  
I'll get a chance to make this right  
I need a little sunshine baby  
I need a little hope in life

Baby don't you hear me when I say goodbye  
Baby won't you listen cos you make me cry  
Please baby, please baby let me go  
I don't deserve to suffer so

So I'm trying to believe you this time  
I'm trying but it don't seem fair  
One minute it's the right stuff honey  
Next second's like I'm just not there

But don't you hear me when I say goodbye  
Baby won't you listen cos you make me cry  
Plase baby, plase baby let me go  
I don't deserve to suffer so

Because tonight I know you're gonna beg to stay  
But tomorrow you will simply walk away  
And tonight I know exactly what you'll do  
But come tomorrow I will still be just your fool

I saw you as the futere baby  
You see me as a one night stand  
But I'm sick of being part time baby  
You gotta be a full time man

But don't you hear me when I say goodbye  
Baby won't you listen cos you make me cry  
Plase baby, plase baby let me go  
I don't deserve to suffer so

Because tonight I know you're gonna beg to stay  
But tomorrow you will simply walk away  
And tonight I know exactly what you'll do  
But come tomorrow I will still be just your fool

Baby when will you see that you're gonna be mine  
I'm waiting for you honey  
You will always come back it's just a matter of time  
You know you'll never leave me

Baby I don't wanna be your fool  
Can't you see boy  
I'm in love with you  
Tell me what's a girl to do  
When I only want your love

But don't you hear me when I say goodbye

Baby won't you listen cos you make me cry  
Plase baby, plase baby let me go  
I don't deserve to suffer so

Because tonight I know you're gonna beg to stay  
But tomorrow you will simply walk away  
And tonight I know exactly what you'll do  
But come tomorrow I will still be just your fool

Because tonight I know you're gonna beg to stay  
But tomorrow you will simply walk away  
And tonight I know exactly what you'll do  
But come tomorrow I will still be just your fool
