

Turn Me On

Atomic Kitten

If you like to see me
'Cause you want to, that's OK
'Cause I can make ya feel
You're gonna need to everyday
You're the one
I need the most
Shout it out
From coast to coast
I will never be the same
Again and again
And again

You just turn me on,
On and on and on
You just turn me on,
On and on and on
On and on

Bet you think that I just
Couldn't wait to be with you
Musta been our destiny
That you would want me too

You're the one
Who's right for me
I'm the only one you need
Baby when you call my name
Again and again
And again

You just turn me on,
On and on and on
You just turn me on,
On and on and on

On and on,
On and on,
Turn me on
On and on,
Turn me on
(2x)

You just turn me on,
On and on and on
You just turn me on,
On and on and on
(2x)
