

Space Cowboy

Atomic Rooster

"Yee Haw"

Well, I'm a space cowboy ridin' the ranges of the universe
Oh listen that's the sound of my haystry
Think of those sights that greet you
Just one blast and you'll see
Oh listen it's not just a dream I have
Feel as you can be justice
Hung up on the highest sheild
Oh listen all the time I've spent on this - thank god
Very soon you'll go out gunned - thank god
Fade away like a dream - ha ha
