

Lose It

Atreyu

Standing on the edge
Battle in my head
I'm dying to know
I'm dying to know

If I take this leap
To fail or succeed
I'm dying to know
I'm dying to know

This is it, I've shaken
My body's aching
I lose my hold
I will let go

This is it, I'm falling
My wings need to grow
I lose my hold
I will let go

There's so many roads
Pitfalls filled with doubt
I'm dying to know
I'm dying to know

Grabbing what I need
And rip it 'til it bleeds
I'm dying to know
I'm dying to know

This is it, I've shaken
My body's aching
I lose my hold
I will let go

This is it, I'm falling
My wings need to grow
I lose my hold
I will let go

If I, if I take this, this leap
Will I be broken?
I'm dying to know

This is it, I've shaken
My body's aching
I lose my hold
I will let go

(I lose my hold)
This is it, I'm falling
(I lose my hold)
My wings need to grow
I lose my hold
I will let go, I will let go
