

My Fork In the Road (Your Knife In My Back)

Atreyu

So here, we are again
The same fork in the road
I hate you. You love me
This stories getting old
The day that I opened up
You shut me out for good
forgive, forget, fuck you
You are a liar and a whore

So take what you want and leave
You'll never get another part of

I remember the day that
I thought I would be free
I poured out my soul to you
exposed everything
next thing I know
my hearts broke
my hand it's much the same
I did my best to drink you away

So take what you want and leave
You'll never get another part of
You are poison on man's lips
Lured in by the curves of your hips
Come here boy, stand by me
Look my way, have another drink

I should have got up
I should have got up and left you

and I will never ever be you're lover again
as far as I'm concerned, we are not even friends
this may not seem to subtle to you
the point I'm trying to make is we are completely through

So take what you want and leave
You'll never get another part of
You are poison on man's lips
Lured in by the curves of your hips
Come here boy, stand by me
Look my way, have another drink
