## Bang

Explosions in my head that just won't quit A train is crashing through the wall around my heart And left it only dead, obliterated

## Stop

My breathing in the night when you?re not there The silence ringing through my ears
And all I want to do is hear your voice
But you're not there

Drawn together
The pain has rushed through
Sleight of hand, blink
We won't go up in smoke
Things colliding, love undying

Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die

Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die

## Burn

Take away the pain of being me Soothe my soul, caress my heart And end my fear of my bad memories Eradicated

## Pain

Like gunshots running against the silent night My love was silent and these words were Stronger than the rest, unstoppable Unstoppable

Drawn together
Pain has rushed through
Sleight of hand, blink
We won't go up in smoke
Things colliding, love undying

Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die

Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Will never die

Drawn together
Pain has rushed through
Sleight of hand, blink
We won't go up in smoke
Things colliding, love undying

Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die

Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Will never die, die
