

## Blood Within

## Atrocity Solution

Pledge allegiance to your flag  
Built on death we sure will reign  
Kill the Innocent one last time  
With these lives our profits will rise

One more this time wont mean shit  
As long as we thrive we can't see past  
Profits for human life

Pledge allegiance to your god  
A Viliant Father, A Fuckin Fruad  
Religious lies will feed their hate  
To destroy any blasphemy

We as a country can't for pass  
Humans as a fucking weapon
