

Don't Listen Now

Atrocity Solution

Listen up this is all just a scam
The things they do ya never understand
Tell me why I shouldn't be afraid
The government has won everything in the USA
No you'll never understand
About society's ban
No you'll never understand
About societies damn plan
Tell me whats the plan why
Should I be afraid now yea

Don't listen now they never tell the truth
Don't listen now they'll just tell you what to do
Don't listen now they'll control your whole life
Don't listen now everything is a lie
